PASSIVATOR SOURCE LISTING

CAUTION

The Doble Engineering Company does not recommend or approve any of these additives. This is for information purposes only. The use of these additives is at your own risk.

Product: Benzotriazole (BTA) – Solid

Many chemical companies provide BTA, a search on the Internet will help find a distributor or manufacturer close to you. However, check the purity level as it should be about 99%. BTA can be difficult to dissolve in the oil and some heating may be required. It is difficult to get the concentration above 100 mg/kg in the oil.

Product: Cobratec[®] 99 (BTA) – Solid

PMC Specialties Group, Inc.
501 Murray Road
Cincinnati, Ohio 45217
